Williamsburg, Ky., Sept. 21.—A dispatch from Jellico at ten this morning says that the town was partially destroyed by an explosion of dynamite and that 70 to 100 were killed and a large number injured. The neighboring places are implored to send medical aid.

The disaster was caused by the explosion of two cars of dynamite on the Louisville and Nashville R. R. track at the depot. All the buildings in the vicinity were demolished.

CUBAN MERCHANTS
FAVORED ANNEXATIONBut They Were Not Encouraged in It
by Secretary Taft—Pino Guerra
Demands New Election Before
Laying Down Arms.

Havana, Cuba, Sept. 21.—The United States battleship Louisiana and Virginia, and the cruisers Cleveland and Tacoma arrived here this morning. The Louisiana is the most powerful ship in the service.

Secretary Taft today gave a hearing to the business men. Without exception they favored annexation. They were not encouraged in this stand, but were asked to give their ideas of the situation. The indications are now that Taft must ultimately arrange a peace settlement with the generals of the insurgent armies in the field, rather than with the representatives of the liberal party, who have hitherto spoken for them. Pino Guerra, commander of the largest insurgent army, voiced the sentiment of practically all the rebels in the field when he said today that he would not lay down his arms until American peace commissioners guaranteed a new election.

THE REBELS FLED.
After Firing on Bluecoats from United
States Vessel.

Havana, Sept. 21.—A dispatch from Cienfuegos says that the bluecoats from the American gunboat Marietta were fired upon by rebels. The Americans returned the fire and the rebels fled.

GIVE UP CONTEST
FOR SAGE MILLIONSUnderstanding Reached by Widow of
Multimillionaire and the Numerous
Relatives Who Have Sprung
Up.

New York, Sept. 21.—Mrs. Russell Sage and the numerous Sage relatives who have sprung up to claim a share in the Sage millions as soon as the financier died, have come to terms. Senator Bruckner, chief counsel for those who expected to contest the will, announced this morning that there would be no fight when the will is offered for probate. The terms of settlement are not yet divulged.

Mrs. Sage's attorney gave out the following:

"Assuming that there will be no contest of Mr. Sage's will, Mrs. Sage has intended and intends to give to each of Mr. Sage's relatives who are beneficiaries under his will an additional amount, equal to his or her legacy, and to do this as soon as possible after her qualification as executrix."

TELLS OF HER RELATIONS.
Cross-Examination of Woman in Alienation
of Affections Case.

Woodville, N. H., Sept. 21.—The trial yesterday in the Woodward alienation of affections suit was sensational, especially the cross-examination of Mrs. Woodward. Mrs. Woodward testified as to criminal relations with Dr. Dean, and was unshaken by cross-examination.

The defense, in the opening, outlined the case as one of attempted blackmail, and claimed that the present suit was one of collusion between Mrs. Woodward and his wife to tort money from Dr. Dean. Two trials of this case in all its essential features have been held, one before the Odd Fellows lodge at Lebanon, of which Mr. Woodward and Dr. Dean were both members, and the other in the divorce court. In the first Dr. Dean was acquitted, and in the second Mr. Woodward was granted a divorce on statutory grounds. Dr. Dean being named as correspondent.

GUESTS HAD TROUBLE.
In Getting Out of Phillips, Maine, Hotel
Last Night.

Phillips, Me., Sept. 21.—The Phillips hotel was destroyed by fire last night and the 26 guests had some difficulty in escaping from the burning building.

Fire which started near the stable at noon yesterday, and which was apparently extinguished, rekindled last night, and at 10 o'clock burst through the three-story wooden hotel. Most of the guests had retired and the flames and smoke spread through the building so quickly that it was necessary for many to plunge through the smoke filled hallways in their night clothes. A man named Bailey was severely burned, but others escaped with practically no injuries.

SHREWD ACTION.

Churchill Men Capture the Second Councilor
in the Convention Yesterday.

Concord, N. H., Sept. 21.—The Lincoln Club members of the 4th councillor district gave a good example here yesterday morning of shrewd political management. In the convention held in Union Hall James D. Upham of Claremont was elected a candidate by a vote of 103 to 52 over James G. Fellows of Pembroke, who was slated for the nomination. The Churchill men caught the members of the other faction napping. The movement to nominate Mr. Upham was started on Wednesday and put into active operation in this city yesterday, with the result that when the supporters of Fellows arrived at the hall they were astounded to find themselves outnumbered two to one.

Much precaution was taken to prevent any ballot box stuffing, and a shiver went over the convention when it was whispered that the number of votes cast exceeded slightly the number reported by the credentials committee. It was explained by the chairman of the committee that he had received some credentials subsequent to the committee count.

Two of the five councillor districts have now elected Lincoln Club candidates, and politicians are now wondering if it is to be Gov. Floyd with a Churchill cabinet.

A MAN OF PARTS.
Jerome Says of Mayor Adam of Buffalo,
Possible Candidate

New York, Sept. 21.—District Attorney Jerome in an interview last evening on the possibility of the nomination for governor of Mayor Adam of Buffalo at the Democratic convention, said:

"I haven't the pleasure of a personal acquaintance with Mayor Adam, but from what I have been told, he is a man of sterling character and forcefulness. From my information of him as mayor of Buffalo, he has done things which show him to be a man of parts."

When Mr. Jerome was asked if he would take the stump for Mr. Adam if he should be nominated, he said:

"Oh, the stumping will come later. Let us get the convention over first."

ACUTE STAGE
OF SHORTAGERutland Has Only Two Feet
of Water in Reservoir

AND NO RELIEF IN SIGHT

Yesterday Plumbers Were Sent About
City to Repair All Leaks—Marble
Plants Are Being Deprived
of Water.

Rutland, Sept. 21.—There is only about two feet of water in the city reservoir and the city officials have become greatly alarmed, as there is no relief in sight. The city water was yesterday shut off from the Columbia marble quarrying company, which uses an immense quantity for polishing marble. All of the water motors in the city have been shut down, street sprinkling and the use of garden and lawn hose has been stopped, and the merchants have not been allowed to wash their big show windows for several weeks. Yesterday a force of plumbers was sent from house to house to correct any faulty plumbing and to stop all leaks.

If the situation is not relieved very soon it will be necessary to shut the water off from the entire city for a considerable part of each day.

The hot weather for the last 10 days has added much to the inconvenience. There has not yet been even a light frost, which is a very unusual thing.

HETTY GREEN DISSATISFIED.

And Will Leave Bellows Falls in a
Huff.

Bellows Falls, Sept. 21.—Hetty Green is about to leave Bellows Falls. For four months Mrs. Green with her daughter, has been at the Green home in Bellows Falls, and recently Miss Sylvia has been a visitor at the hardware stores, buying hooks and bolts, and with her mother leaves for New York, making the dust of Bellows Falls from their feet. This means to Bellows Falls that Mrs. Green may remove the remains of her husband, now buried in the family lot in the Episcopal cemetery, and the old bellows with which the old Green homestead is filled. It also means that every possible hope of any benefit from the immense fortune of Mrs. Green in the way of a hospital, library or other similar memorial will be cut off forever.

All this through a small raise in Mrs. Green's tax list. Mrs. Green, woman of millions, seriously objects to being taxed. Obligated to declare her residence at some point, it has pleased her to select Bellows Falls, and her tax return there has been unique. Nearly she gives in her list. Sometimes it is for \$100,000, and at times when she is in a particularly generous mood, it is for \$100,000. The board of assessors makes the list gratefully, and for years both Mrs. Green and her daughter have been entirely satisfied. This year there was a change. The quadrennial appraisal was on, and the board of assessors decided to make a record. They did, and up went the town list nearly \$100,000. Mrs. Green was included. The raise was slight, but in her eyes, it was a most rigorous protest, and so did 42 other Bellows Falls citizens, who desired to be in Mrs. Green's class. For three days the board heard complaints. Mrs. Green appearing in person and in picturesque language denouncing the attempt to impoverish her. The board decided against Mrs. Green.

RACES AT COLUMBUS.

Failure of Bolivar to Win the 2:07
Big Surprise.

Columbus, O., Sept. 21.—Two races were decided and two more almost completed yesterday at the grand circuit meeting. The cuppy track made fine going for horses and jockeys.

Bolivar's defeat in the 2:07 board of trade stake caused a big upset. In the mud Wednesday Doris B. had one heat, but the gelding paced the first half of yesterday's opening mile in 1:01 1/2, and finished length ahead of his tired rivals. Doris B. hung on well in the deciding mile, and won when Bolivar gave in. In the light, Belle Bird, favorite in the 2:15 trot, prolonged the race by beating out Little R. in the third heat by half a length after the latter had easily won the first two. Belle Bird won the fourth mile, and the race had to go over until today.

Mrs. Green was picked to win the 2:17 pace. Rushville, a well played entry, won the next three heats and the race. Eleven good looking three-year-olds came out for the Kentucky stock farm futurity trot, and Governor Francis led a 10 to 2 favorite over the field. A break soon after the start of the first heat ruined his chances in the opening mile. Ed Custer with J. R. Chandler Jr. won the first heat with the next five colts close up. The Abbe, a full brother of the Abbe, outgained the Custer colt at the finish of the second mile and won by half a length. The deciding heat will be raced today.

ATTY. GEN. FITTS
RECOMMENDSSpecial Legislation Against
Carriers of Liquor

INTO STATE OF VERMONT

Also Asks Vermont Legislature to Pass
Law Doing Away With Fee Nul-
lance—Bucket Shops Are
Given Attention Also.

Brattleboro, Sept. 21.—Atty. Gen. C. Fitts, in his first biennial report, recommends a statute imposing a severe penalty for the violation of the law prohibiting discrimination in freight rates. Double prosecution prevails in some parts of the state, a respondent being prosecuted for intoxication and disturbance of the peace, when the testimony to support each charge is identical. This doubles the fees of the officers. The report recommends that this be prohibited by law.

Under the present plan of taxation of costs of commitment a respondent committed from one part of the state is obliged to work out a larger fee than does a person committed from a less remote part of the state. The attorney general recommends a fee applicable to all parts of the state, also that the allowance of 10 cents per hour for detention of prisoners by an officer apply only in cases where there is not a proper jail or place of detention.

The report says: "At several places along the border of the state there has grown up a business of shipping intoxicating liquor into the state by express companies chartered. It would seem, solely for the purpose of delivering liquor in Vermont, although they hold themselves out to do a general express business. It is difficult under the present statute to handle these cases, and I shall ask leave to submit to the proper committee of the house a bill for an amendment to the law calculated to deal particularly with this question."

Bucket shops are given special attention. The report recommends that the state be not required in prosecutions to show that the concern in question is chartered or is doing business, and that the court of chancery be empowered to close by injunction any establishment when it shall be made to appear to the satisfaction of the court that the law relating to stock gambling is being violated.

Mr. Fitts has found that in several instances persons supported at the Waterbury asylum or the Brattleboro reformatory at the expense of the state have acquired property by inheritance or gift since their commitment. In one case he secured for the state \$1,200 from the estate of a deceased woman. The largest delegation were sent from Montpelier, 20 from Morrisville, several from Waterbury Center and Calais. One delegate, who was greeted with applause, came from Williamstown.

Dinner was served in the banquet hall by the H. H. Smith corps of that town and the business session was held in the auditorium. An address of welcome was delivered by Mrs. Raymond of H. H. Smith corps and responses were made by Mrs. Smalley of Waterbury Center and others. The ritual work of the order was very ably exemplified by the corps of Montpelier. Mrs. Olive R. Lane of Morrisville was the inspecting officer. Mrs. Snow of Montpelier gave a piano solo.

CLAIM OF ADULTERY.

Is Brought Against Man and Woman in
Strafford.

Randolph, Sept. 21.—State's Attorney M. M. Wilson returned Wednesday from a business trip in the eastern part of Orange county. In Strafford he presented in the case of the State vs. Randall Davis and Miss Ella Moore for adultery. The trial was held before Justice of the Peace Sanborn and Stanley Wilson of Chelsea was the attorney for the respondents. From the testimony of the witnesses a very immoral case was shown. It appears that Davis practically drove his wife from his home in Strafford because of his improper relations with Miss Moore, an 18-year-old girl living in that neighborhood, and also divided his family so that two daughters now live with the mother in New Hampshire and the other has married a brother of Miss Moore. After the family was separated Davis lived a good share of the time under the same roof with Miss Moore, who has given birth to a child. Davis and Miss Moore are held for the grand jury with bail fixed at \$500 and \$200 respectively. The hall has been furnished.
